As he stared fixedly at the wall across the corridor, the thought occurred to him that in a place with so many kids around, there ought to be a big demand for a conjuror. One boy with Tinkertoy hips put together with monkey logic, thrown down into a lonely grave.. "Veronica made it!" Jean exclaimed delightedly. "Steve, I don't know how you handled it all." With all public bars having been put off-limits to the Mayflower IIs soldiers after the shooting, the party couldn't have come at a better time, Colman reflected as he leaned against the bar and nursed his glass while gazing around the room. Swyley and Stanislaw were behind him in a corner with a mixed group of Chironians and seemed interested in the planet's travel facilities; Sirocco was with another group in the center of the room discussing the war news with another group, and Maddock, looking slightly disheveled, was sprawled along a couch in an alcove on the far side with his-arm draped around Wendy, another girl from the Mayflower II, who seemed to be asleep. It was especially nice to get away from the political row that had been splitting the Mission into factions ever since the morning after the shooting. Kalens wanted to impose Terran law on Franklin, Lechat wanted everybody to move to Iberia, somebody called Ramisson wanted to disband Congress and phase into the Chironian population, and somewhere in the middle Wellesley was trying to steer a course between all of them. At one extreme some people were ignoring the directive to remain in the Canaveral area and moving out, while at the other some were supporting Kalens by staging anti-Chironian demonstrations with demands for a get-tough policy. Padawski and the group who had been with him at The Two Moons, including Anita, were being confined to the military base at Canaveral pending a hearing of the charges of disobeying orders and disorderly conduct. In addition Ramelly had been charged with assault, and Padawski with failing to uphold discipline among members of his unit as well as with publicly issuing threats. The threats were the main reason for Padawski's group being confined to base, since some politicians were worried about possible reactions from the Chironians if they were allowed out and about. Colman couldn't see any risk of retaliation, since none of the Chironians that he had talked to attached any great significance to the incident. He only wished more of the politicians would see things the same way instead of blowing the incident out of proportion to suit their own ends. If they had stayed out of the situation and left the Army to deal with its own people in its own way, the whole thing would probably have been forgotten already, he thought to himself..Then came the question of what to do with the rest of the evening. "Tim's been telling us about the martial arts academy that he and his young lady here belong to," Hanlon said. "It sounds like quite a place. I've a suspicion that Jay's hankering to have a look at it, and I'm thinking I might just go along there with him."..The rattletrap engine turned over on the first try. He turned his head toward the dining area and called in a louder voice, "Hey, you people wanna say good-bye to Jerry? He's leaving." Pernak and lay waited by the door for lean and Marie to appear..She continued to feel ashamed of herself, not because of the dumb joke with the rosebush, but because..Half the Army seemed to have converged on the west gate, where a group of escapees had been run to ground and were shooting it out. "It must sleep a while to mend its wounds now its task is done. But it will rise again, hardened and tempered from the furnace. This will not have been for naught." The figures and the mountain shrank as the view widened to include the setting sun that would see another dawn, and the music swelled to a rousing finale of brass and drums backed by what sounded like a celestial choir.."What does that mean?"
