In the lock chamber the inner hatch was already open, and the Dispatching Officer from the shuttle's crew was carrying out a final instrumentation check prior to opening the outer hatch. After the years of speculations, all the questions about the Chironians were now within minutes of being answered. The descent from the Mayflower II had raised Colman's curiosity to a high pitch because of what he had seen on the screen. For despite all the jokes and the popular wisdom, one thing he was certain of was that the engineering and structural modifications that he had observed on the outside of the Kuan-yin had not been made by irresponsible, overgrown adolescents..are being held. After a short silence Sirocco tensed suddenly. "Here they come. . . just two of them with a sergeant," he whispered. "Get ready. There are two guys talking by the coffee dispenser. We'll have to grab them too. Faustzman, you take care of them." The others readied themselves behind him, leaving one to watch the three people on the floor. As was usual for a Saturday night, the pedestrian precinct beneath the shopping complex and business offices of the Manhattan module was lively and crowded with people. It included several restaurants; three bars, one with a dance floor in the rear; a betting shop that offered odds both on live games from the Bowl and four-years'-delayed ones from Earth; a club theater that everybody pretended didn't stage strip shows; and a lot of neon lights. So Borftein had -agreed to try playing the game their way, which hinged upon provisions written into the laws to take account of the abnormal circumstances of a twenty-year voyage through space..A tense silence fell. It was Korean, from the thirteenth-century Koryo dynasty, and about fourteen inches high with a long neck that flowed into a bulbous body of celadon glaze delicately inlaid with mishima depicting a willow tree and symmetrical floral designs contained between decorative bands of a repeated foliose motif encircling the stem and base. His desk was a solid-walnut example of early nineteenth-century French rococo revival and the chair in which he was sitting, a matching piece by the same cabinetmaker. The books aligned on the shelves behind him included first editions by Henry James, Scott Fitzgerald, and Norman Mailer; the Matisse on the wall opposite was a print from an original preserved in the Mayflower II's vaults, and the lithographs beside it were by Rico Lebrun. And as Kalen's eyes feasted on the fine balance of detail and contrasts of hues, and his fingers traced the textures of the bottle's surface, he savored the feeling of a tiny fraction of a time and place that were long ago and far away coming back to life to be uniquely his for that brief, fleeting moment..Why would you think so?".You shouldn't make up stuff like that about your own mother.".exaggerated, ferocious grin.
