Even the Shantung-softened lamplight blazed too bright and did not serve her well, so she switched it off and said, "Scoot over." If killing the wrong Bartholomew had broken a dam in Junior and released a lake of tension, whacking the right Bartholomew would set loose an ocean of pent-up stress, and he would feel free as he'd not felt since the fire tower. Freer than he'd been in his entire life.. "Is it as bad as that?" Celestina wondered plaintively, though she knew the answer. "I love San Francisco. The city inspires my work. I've built a life here. Is it really as bad as that?". In the dark dumpster, tormented by ceaseless torrents of what-ifs, convinced that the spirit of Vanadium was going to slam the lid and lock him in with a revived corpse, Junior had for a while been reduced to the condition of a helpless child. Paralyzed by fear, withdrawn to the corner of the dumpster farthest from the putrefying pianist, squatting in trash, he had shaken with such violence that his castanet teeth had chattered in a frenzied flamenco rhythm to which his bones seemed to knock, knock, like boot heels on a dance floor. He had heard himself whimpering but couldn't stop, had felt tears of shame burning down his cheeks but couldn't halt the flow, had felt his bladder ready to burst from the needle prick of terror but bad with heroic effort managed to refrain from wetting his pants.. Angel, on the window seat, wore nothing but white. White sneakers and socks. White pants. White T-shirt. Two white bows in her hair.. And suddenly Celestina believed that Bellini was a cop, not because his voice contained such authority, but because her heart told her that the time had come, that the long-anticipated danger had at last materialized: the dark advent that Phimie had warned her about three years ago.. Agnes rubbed noses with him again, kissed him, and rose from the edge of the bed.. As kids-living in a house that was run like a prison, stifled by the oppressive rule of a morose father who believed that any form of entertainment was an offense against God-they conducted secret card games as their primary act of rebellion. A deck of cards was small enough to hide quickly and to keep hidden successfully even during one of their father's painstakingly thorough room searches.. Shuddering, rubbing furiously at himself, he stumbled into the bathroom. In the mirror, he confronted a face he hardly recognized: swollen, lumpy peppered with red hives.. Embarrassed, Kathleen stopped singing, but to the other woman, Nolly said, "It is a lovely voice, isn't it? Haunting, I think." Of all the kindnesses that we can do for one another, the most precious of all gifts-time-is not ours to give. Bearing this in mind, Agnes did her best to guide her extended family through its grieving for Harrison and for Jacob, into happier days. Respect must be paid, precious memories nurtured, but life also must go on.. Cradling the baby, the nun turned with it to Celestina, folding back a thin blanket to present her with a good look at the tiny girl.. It occurred to her that the knave had come, as foretold by the cards on that night long ago. She had expected the knave to be a man with sharp eyes and a wicked heart, but the curse was cancer and not a man at all.. Bartholomew might be a teenager living with his parents or a dependent adult residing with family; if so, he wouldn't be revealed in this search, because the phone would not be listed in his name. Or maybe the guy loathed his first name and never used it except in legal matters, going by his middle name, instead.. might be grumpy and would certainly be torpid, bleary-eyed, and uncommunicative. Angel awake was always fully awake, soaking up color texture-mood, marveling in the baroque detail of Creation, and generally lending support to the apperception--test prediction that she might be an art prodigy.. a scene out of a movie about Robin Hood: a battle with cudgels on a slippery log bridge over a river. "Yes. I ... I'm still soaked with sweat." Dressed entirely in a shade of pink that darkened to rouge when wet, Angel squealed and deserted Barty. Spotted-streaked-splashed, with false tears on her cheeks, with a darkly glimmering crown of rain jewels in her hair, she raced up the steps as though she were a princess abandoned by her coachman, and allowed herself to be scooped into her grandmother's arms.. "All right," Celestina said, "yes, of course." She could see no harm in humoring Phimie. "Angel. Angel White. Now, you calm down, you relax, don't stress yourself." Celestina had chosen to shelter the bastard boy, and in so doing, she had declared herself to be Junior's enemy, though he'd never done anything to her, not anything. She didn't deserve him, really, not even one quick bang before the bang of the gun, and maybe after he shot Ichabod, he'd let her beg for a taste of the Cain cane, but deny her.. Like all women past puberty and this side of the grave, she was attracted to him. She never told him as much, not in words, but he detected this attraction in the way she looked at him, in the tone that she used when she spoke his name. Throughout three weeks of therapy, Seraphim revealed countless small but significant proofs of her desire.. On a morning in July, Junior was visiting the public library, poring through the stacks in search of exotic volumes on the occult, when the phantom voice rose nearby. Here, the singing sounded softer than in his apartment, little more than a murmur, and also threadier.. In the park, rocketing along on the roller coaster, Barty had an experience, a reaction to more than the canted turns and steep plunges. He grew excited in much the way that Agnes had seen him excited when grasping a new and arcane mathematical theory. At the end of the ride, he wanted to get back on immediately, and so they did. There are no long waits for the blind at amusement parks: always to the head of the line. Agnes rode twice again with him, and then Paul twice, and finally Angel accompanied him three times. This roller-coaster obsession wasn't about thrills or even amusement. His exuberance gave way to a thoughtful silence, especially after a seagull flew within inches of his face, feathers thrumming, startling him, on the next-to-last rollick along the tracks. Thereafter, the park held little interest for him, and all he would say was that he'd thought of a new way to feel things-by which he meant all the ways things are-a fresh angle of approach to that mystery.. Still looming over her, he snatched the pad out of her hands and examined the sketch. "Where would you have seen this?". Darkrose and Diamond. "See this?" He placed the pepper shaker in front of her on the room-service table and held the salt shaker concealed in his hand.. He couldn't see into the next aisle through the gaps between rows of books, because the shelves had solid backs.. Copyright (c) 1999 by Ursula K. Le Guin. "Dragonfly" first appeared in Legends.. "Imagine me thinking you'd be gone," she said to Barty. "Your old mum is losing it. I never made a deal with Rumpelstiltskin, so there's nothing for him to collect." First room on the left. Move. Kick the door open. The sense of a larger space beyond, no bathroom this time, and darker. Fan the pistol, gripping with both hands. Two quick shots: muffled cough, muffled cough.. "Couldn't carry these three ladies," he said. "Svelte

as they are, they still weigh more than a backpack." To the windows, then, drawing all the blinds securely down. And still, irrationally, she felt watched. She stepped on a broken-off chair leg, lost her balance, and fell backward into the side of the bed. Although Junior was free of the superstitions that Naomi, in her innocence and sentimentality, had embraced, he wept without pretense. Spacious, the living room was furnished for two purposes: as a parlor in which to receive visiting friends, but also with two beds, because here Paul and Perri slept every night. "I wish my Rico could have met your Harrison, too," Maria told Grace, referring to the husband who had abandoned her. "Maybe the reverend could've done with words what I couldn't do with my foot in Rico's trasero." When the old man died and Agnes inherited the property, the three of them played cards in the backyard for the first time on the day of his funeral, played openly rather than in secret, almost giddy with freedom. Eventually, when Agnes fell in love and married, Joey Lampion joined their card games, and thereafter, Jacob and Edom enjoyed a greater sense of family than they had ever known before. Your deeds ... will return to you, magnified beyond imagining ... the spirit of Bartholomew ... will find you ... and mete out the terrible judgment that you deserve. Like a spring-loaded novelty snake erupting from a can, Junior exploded up from the chair, nearly knocking it over. Friday, January 14, eight days after Joey's death, Agnes closed the sofa bed, intending to sleep upstairs from now on. And for the first time, since coming home, she cooked dinner without resort to friends. Nevertheless, with Gein in mind, how easy it was to imagine that a monstrous evil lurked nearby. Watching. Scheming. Driven by an unspeakable hunger. In a century torn by two world wars, marked by the boot heels of men like Hider and Stalin, the monsters were no longer supernatural, but human, and their humanity made them scarier than vampires and hell born fiends. Otter shrugged. Here, four days past Christmas, after two days of torment, Agnes knew the worst, that her treasured son must go eyeless or die, must choose between blindness or cancer of the brain. "Well," Tom said, "those people who think it's just a trick generally react bigger than you folks, and you know it's real." Tom proved to be more useful than either a cop or a priest to Pie Lady Services, when he discovered a talent for money management that protected their funds from twelve percent inflation and in fact brought them a handsome return in real terms. The tenderness with which Grace acceded to Phimie's desire, at the expense of her own peace of mind, filled Celestina with emotion. She'd always admired and loved her mother to an extent that no words-or work of art-could adequately describe, but never more than now. On the morning of November third, Barty asked Maria to inquire of Agnes what she would like to have read to her. "Then when she answers you, just turn and leave the room. I'll take it from there." "I was never Cary Grant, to begin with," said Vanadium, still ceaselessly rolling the quarter across his fingers, "so I had no big emotional investment in my appearance. Cosmetic surgery would have added another year of recuperation time, probably much longer, and I was anxious to get after Cain. Seemed to me this mug of mine might be just the thing to scare him into an incriminating mistake, even a confession." Judging by his great pleasure in learning, Barty didn't feel robbed of anything. To him, the world was an orange of infinite layers, which he peeled and savored with increasing delight. Otter was reluctant to answer. He had to like Hound, but didn't have to trust him. "Shape-changing," he mumbled at last. Maria Gonzalez brought rice casseroles, homemade tamales, and chile rellenos. Daily, Jacob made cookies and brownies, always a new variety, and in such volume that Maria's plates were heaped with baked goods each time they were returned to her. Barty rounded the tree and returned to the porch. He climbed the steps and stood before Tom. Although she had never seen snow other than in pictures and on film, this deep-settled silence seemed to speak of falling flakes, of white muffling mantles, and she wouldn't have been in the least surprised if, stepping outside, she had found herself in a glorious winter landscape, cold and crystalline, here on the always-snowless hills and shores of the California Pacific. "I think we could wind up as crazy as he is, if we tried long enough to puzzle out his twisted logic." He hesitated, because until the limited explanations he'd made to Celestina in San Francisco, he had never discussed his special perception with anyone except two priest counselors in the seminary. At first he felt uneasy, talking of these matters to strangers-as if he were making a confession to laity who held no authority to provide absolution but as he spoke to this hushed and intense gathering, his doubts fell away, and revelation seemed as natural as talk of the weather.
