Reflections of those tracks appeared as stigmatic tears on the long face of the physician..All right, yes, it had tiny hands and tiny feet, rather than hooked talons and cloven. Angel raised her attention from the salt shaker to Tom's face, studied his scars for a moment, and said, "No." A spirit-shredding bleakness clawed at her, but she couldn't permit it to leave her in tatters. If she traded hope for despair, as her brothers had done, Bartholomew would be finished before he'd begun. She owed him optimism, lessons in the joy of life..Applying his intelligence now, he employed simple meditation techniques to calm himself and to slow his heartbeat. The cop was trying to rattle him into making a mistake, but calm men did not incriminate themselves..Perhaps hoping to discover which runaway freight train or exploding factory would smear him across the landscape, Jacob pushed aside his dessert plate and shuffled each deck separately, then shuffled them together until they were well mixed. He stacked them in front of Maria..Hackachaks to browbeat him into a despairing, exhausted, disgusted compliance with their greed..He was focused enough, in fact, to find Bob Chicane, kill the insulting bastard and get away with it..One of the coin seekers knocked against Junior, jarring him loose of his paralysis, but when he stumbled out of the line of fire of the second vending machine, a third machine shot quarters at him..Deeply distressed that he was planning the funeral of a man as young as Joe Lampion, whom he had liked and admired, Panglo paused to express his disbelief and to murmur comforting words, more to himself than to Jacob, as each decision was made. With

one hand on the chosen casket, he said, "Unbelievable, a traffic accident, and on the very day his son is born. So sad. So terribly sad." As Barty climbed to the porch without benefit of the railing and held out his right hand, Paul Damascus said, "Tom, we're wondering if Barty can extend to you the protection he gives to Angel in the rain. Maybe he can ... since the three of you share this ... this awareness, this insight, or whatever you want to call it. But he won't know until he tries." Junior lifted the pattie with a fork, found no quarter under it, and put the meat on one half of the bun. He constructed the sandwich from these fixings, added ketchup and mustard, and took a great, delicious, satisfying bite. "One of the things I was searching for in your house was a life insurance policy on your wife. I didn't find one. Didn't find any canceled checks for the premium, either." Even the Shantung-softened lamplight blazed too bright and did not serve her well, so she switched it off and said, "Scoot over." The birthmarked man identified himself as Detective Thomas Vanadium. He did not use the familiar, diminutive form of his name, as had the doctor, and his voice was as uninflected as his face was flat and homely. "Yours is a harder job than mine," Lipscomb told Grace, dandling Angel as he spoke. "I have no doubt of that." "But let's pretend it's me, okay? So here I am, stepping off the curb without looking both ways-" "Bet I could, and sell it, too," she said. "I might not be as good at it as I am at teeth, but I'd be better than some I've read." Move, move, like a runaway train, leaving the dead nuns--or at least one dead musician--far behind. With a sigh, Obadiah differed: "Not clever. Crude. Before my hands became these great-knuckled lumps, I could have dazzled you." He had nothing against men or women of color. Live and let live. One earth, one people. All of that. Celestina stared curiously at Tom Vanadium. She had witnessed the effect of vanishment, though she hadn't actually seen the coin disappear in midair. Yet she seemed to sense either that something more than sleight of hand had just transpired or that the trick had a meaning she'd missed. Once satiated, what she desired was a reason to deceive herself into believing that she was not a slut, that she was a victim. She didn't really want to tell anyone what he had done to her. Instead, she was asking him, indirectly but indisputably, to provide her with an excuse to keep their passionate encounter secret, an excuse that would also allow her to continue to pretend that she had not begged for everything he'd done to her. His words echoed back to her from July: My cold's just here, not every place I am. Tom Vanadium liked this man at once. Cop instinct told him that Damascus was honest and reliable. Priestly insight suggested even more impressive qualities. Maria was hand-repairing some of Joey's clothes, which Agnes had meticulously damaged earlier in the day. As he stepped out of the street, Don't Walk shortened to Walk, and when he checked for pursuit, he found it. Here came Vanadium, who would have been shivering in want of a topcoat if his flesh had been real. He did wonder why he had chosen this night of all nights to become even a more fearless adventurer, rather than a month ago or a month hence. Instinct told him that he'd felt the need to test himself, that a crisis was fast approaching, and that to be ready for it, he must be confident that he could do what had to be done when the crunch came. Slipping into sleep, Junior suspected that Prosser might have been less lark than preparation. After Agnes read the final words on the final page, Barty was drunk on speculation, chattering about what-might-have-happened-next to these characters that had become his friends. He talked nonstop while changing into his pajamas, while peeing, while brushing his teeth, and Agnes wondered how she would wind him down to sleep. Many police agencies required an officer to carry a firearm even when off duty. If the Oregon State Police had no such rule, Vanadium most likely carried one anyway, because in his crazy-as-a-snake mind, Agnes delighted in their conversations. Barty was far ahead of the language learning curve for his age, but he was still a child, and his observations were filled with innocence and charm. "You mean your cold is like in your nose but not in your feet?" After too many years investigating homicides, after too much experience of human evil, perhaps he had grown both misanthropic and paranoid. Thanksgiving dinner was a fine affair, and Christmas was even better. On New Year's Eve, Wally downed one drink too many and more than once offered to perform surgery on any member of the family, free of charge "right here, right now," as long as the procedure was within his area of expertise. To the foot of the bed slouched the third and final Hackachak: twenty-four-year-old Kaitlin, Naomi's big sister. Kaitlin was the unfortunate sister, having inherited her looks from her father and her personality equally from both parents. A peculiar coppery cast enlivened her brown eyes, and in a certain slant of light, her angry glare could flash as red as blood. Into her fevered mind came an image of a milk-glass infant, as translucent as Joey at the back door of the ambulance. Fearing that this vision meant her child would be stillborn, she said, My baby, but no sound escaped her. Junior hadn't paid attention to everyone who visited the pianist though surely he'd have noticed a certain stump in a cheap suit. At first, he couldn't gather the nerve to return to the kitchen. He was crazily certain that in his absence, the dead detective would have risen and would be waiting for him. "It doesn't have to be grand," she said, with a seductive leer, "but if we're going to wait, then the wedding better be soon." The ship of night floated over the city and cast down nets of darkness, gathering millions of lights like luminous fishes in its black toils. "No. The information I gave you came from the coroner's office, which issued the death certificate. But even if I got into St. Mary's records, there wouldn't be a hint of where Catholic Family Services placed this baby." After the stupid bastards read a newspaper or smoked a few cigarettes, they finally broke down the door. Satisfyingly dramatic: the crack of splintering wood, the crash. On New Year's Day, the town learned that it had lost its first son in Vietnam. Agnes had known the parents all her life, and she despaired that even with her willingness to help, with all her good intentions, there was nothing she could do to ease their pain. She recalled her anguish as she'd waited to learn if Barty's eye tumors had spread along the optic nerve to his brain. The thought of her neighbors losing a child to war made her turn to Paul in the night. "Just hold me," she murmured. Flanking the wheelchair, Edom and Jacob spent less time watching the graveside service than studying the sky. Both brothers frowned at that cloudless blue, as though seeing thunderheads. On other nights, she had overheard this and been touched. On this Christmas Eve, however, it filled her with wonder and wondering, for she recalled their conversation earlier, at Joey's grave. His thought had been that Reverend White might find in Agnes, Bright Beach's beloved Pie Lady, a subject who would inspire a sequel to the sermon that had so deeply affected Paul--who was neither a Baptist nor a regular churchgoer--when he had heard it on the radio more than three years ago. She worried that they would argue with her, and though she knew that she was committed to her decision, she was afraid to have that commitment tested just yet. The grass, silent because he is barely conscious, too badly beaten to protest or to plead for mercy, but also Junior and Naomi had taken their dried apricots from the same bag. Reached in the bag without looking. Shook them out into the palms of their hands. She could not have controlled which pieces of fruit he received and which she ate. Instead, trying not to let Barty see the depth of her concern, she told him to get his jacket from the front closet, and she got hers, and leaving the buttermilk-raisin pies unfinished, she drove him to the doctor's office, because he was her reason to breathe, the engine of her heart, her hope and joy, her everlasting bond to her lost husband. Dr. Joshua Nunn was only forty-eight, but he had appeared grandfatherly since Agnes had first gone to him as a patient after the

death of her father, more than ten years ago. His hair turned pure white before he was thirty. Every day off, he either worked assiduously on his twenty-foot sportfisher, Hippocratic Boat, which he scraped and painted and polished and repaired with his own hands, or puttered around Bright Bay in it, fishing as though the fate of his soul depended on the size of his catch; consequently, he spent so much time in the salt air and sun that his perpetually tan face was well-wizened at the corners of his eyes and as appealingly creased as that of the best of grandfathers. Joshua applied the same diligence to the preservation of a round belly and a second chin that he brought to the maintenance of his boat, and considering his wire-rimmed eyeglasses and bow tie and suspenders and the elbow patches on his jacket, he seemed to have intentionally sculpted his physical appearance to put his patients at ease, as surely as he had selected his wardrobe for the same purpose..Vanadium was dead. Pounded with pewter and sunk in a flooded quarry. Gone forever..Lowering his surgical mask, Dr. Lipscomb approached Celestina, where she stood with her back pressed to the wall..Thus armored, he at last arrived in the city of Sacramento, an hour before dawn. Sacramento, which means "sacrament" in Italian and in Spanish, calls itself the Camellia Capital of the World, and holds a ten-day camellia festival in early March-already advertised on billboards now in mid-January. The camellia, shrub and flower, is named for G. J. Camellus, a Jesuit missionary who brought it from Asia to Europe in the eighteenth century..First room on the left. Move. Kick the door open. The sense of a larger space beyond, no bathroom this time, and darker. Fan the pistol, gripping with both hands. Two quick shots: muffled cough, muffled cough..Her brothers' solemnity irritated Agnes. They appeared to be taking this reading seriously, as though it were far more than just a little after-dinner entertainment.
